Company Profile

Suzhou KR Display Equipment Co., Ltd., established in 2010, is a leading manufacturer dedicated to the research, development, production, and marketing of premium visual merchandising solutions.

We specialize in a comprehensive range of products, including Portable Display Stands (roll-up banners, pop-up displays, counters, etc), Fabric Tube Displays, Retail Display Solutions, Mega SEG Frames, and Whirlwind LED Light Boxes.

Backed by our own aluminum extrusion, bag manufacturing, and digital printing facilities, KR possesses formidable comprehensive strength and an absolute competitive edge. In 2024, our turnover reached \$17 million, with an annual production capacity of 1200,000 sets of roll-up banners, 50,000 sets of pop-up displays, and 40,000 sets of fabric tube displays. Having maintained an annual growth rate of approximately 15%, we have established a sophisticated global marketing and service network.

Committed to the philosophy of "Simply the Best", KR serves a prestigious international clientele across the UK, Netherlands, Germany, Italy, Spain, France, Poland, Australia, UAE, the United States and Russia. We treat our customers as family, growing together through mutual support. At KR, we believe price cannot define reputation or quality. Working with heart, we consistently deliver more than expected.

Advantages

- Most cost-effective wall profile
- Narrow side view
- Mounting with screw fastening
- Option: frame with punch holes

About the Ultra 15

A budget profile for wall mounting.
This widely applicable aluminium frame can be supplied in any size and color.

Mounting

Wall-mounted

Wall mounted frames with just one textile.

Punch holes

Without punch holes

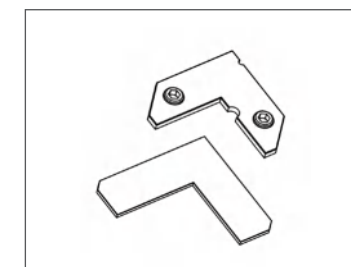

Attach the frame to the wall with screw fastening or use wall mounts with a levelling screw.

Pre-drilled

To simplify the installation, the frame can be supplied with pre-drilled holes, called punch holes. This makes the pre-drilled frame quicker to install.

- 25mm
 - 0.5kg/m
 - 6150mm
 - Unlit
- 

Advantages

- Sturdy profile
- Two mounting options
- Three standard colors
- Option: frame with punch holes

About the Standard 25

The Standard 25 is a cost-effective and sturdy single-sided profile. The profile is also available pre-drilled, making it possible to attach it directly to the wall.

Mounting

Wall-mounted

Wall mounted frames with just one textile.

Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

Stabilizers

Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.

Punch holes

Without punch holes

Attach the frame to the wall with screw fastening or use wall mounts with a levelling screw.

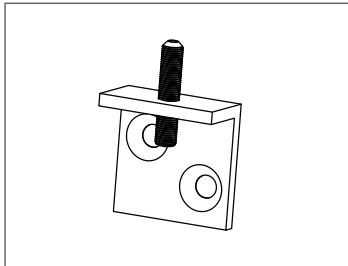

Pre-drilled

To simplify the installation, the frame can be supplied with pre-drilled holes, called punch holes. This makes the pre-drilled frame quicker to install.
